

Registration and Course of Study for “NOT PROMOTED” B.Tech. Students

In Face-to- Face Mode.

19-11-2021

Students are required to visit the institute and meet the faculty advisor and Head of the Department for Registration

B.Tech. Students- Not Promoted from I to II Year (2020 batch)

- Since the curriculum is going to change from 2021, these students face a special situation. The curriculum for 2021 batch has been totally changed and it is now department specific. In view of this, 2020 batch students who are not promoted are required to shift to 2021 curriculum. They will be considered as 2021 batch students for all purposes. Hence, they are permitted to study new courses in 2021 curriculum that were not there in their curriculum. Students can register for these courses under study mode along with 2021 batch students. There will not be any fee for registration.
- **Students are required to visit the institute in person and meet the Faculty Advisor of the first year and Head of the department for registration.**
- The department DAC-UG will consider each case and suggest a course of action as per the guidelines.
- It will be the responsibility of the students to provide the complete information including the grade sheets which are sent by the examination to the Departments. In case of first year, they will be with Physics/Chemistry department.

B.Tech. Students- Not promoted from II to III Year (2019 or earlier)

There are two conditions for promotion from II to II year (Refer to 103rd Senate):

- A. No backlogs in the I Year
- B. Earned at least 28 credits in the Second year

The students under the above category will have the following options:

- If the same/similar course is being offered to the 2021 batch or 2020 batch, these students can register under study mode by paying the required fee.
- If the grade obtained is F in a course, they can register in the exam mode and write along with the end semester exams of AY 2021-22, I semester or II Semester. Also, they can appear for make-up exams that are held in the summer 2022.
- Exam Mode registration will be opened a few weeks before the end semester exams. Constraints: Max credits per semester: **34**. Max grade: **D**. See rules for details.
- If a particular course is not available, an appropriate solution will be suggested by the department as per the guidelines.

Last Date for Registration: 30-11-2021

For any queries regarding this process, please contact the [faculty advisor of the department](#).
