About NIT Warangal:

National Institute of Technology (NIT), Warangal is the first in the chain of 31 NITs, (Institutes of National Importance) established by Act of Parliament. Late Pandit Jawaharlal Nehru laid the foundation stone for this institute on October 10, 1959. The Institute offers eight B.Tech. programmes in engineering, twenty five M.Tech. programmes and seven other post graduate programmes (M.Sc., MCA and MBA) and research programmes through thirteen academic departments. NIT Warangal has about 100 well equipped laboratories and well established supporting infrastructure. The institute is well-known for its Research and Development, Industrial Consultancy, Continuing Education and Training programmes for teachers and industrial personnel. It has strong academic and research collaborations with several leading foreign universities and programs like HERITAGE, EUPHRATES, HORIZON 2020, etc. The institute is celebrating a year-long Diamond Jubilee Celebrations starting from 10th October 2018.

Under

Technical Education Quality Improvement Programme-(TEQIP-III)

CALL FOR PAPERS

Organized by

**NATIONAL INSTITUTE OF TECHNOLOGY
WARANGAL-506004
TELANGANA**

About the Conference: The world is progressing towards greater democracy and more market-oriented policies in an effort to improve human development. Knowledge is a distinguishing characteristic of human beings with a tremendous capacity to acquire and transfer it from one generation to another, gaining prominence with advanced science and technology. Higher education is the gateway to economic security and opportunity particularly for women in India. Women are part of socio-economic system who upholds rich cultural and traditional values. Their progress is equated with the progress of the nation. Many Indian women play a major role in Knowledge Societies as leaders, addressing issues on creating and adapting information and ideas at an accelerating speed to support economic growth and improved quality of life in India.

The Indian Government has introduced policies and procedures with the goal of sensitizing the higher education system, recognizing gender equity and increasing the number of women enrolling for higher education. Higher education for women in India has witnessed an impressive growth over the years and the Government is pooling resources needed to promote female education at all levels. In this backdrop steps to empower women are accentuated to enable her operate effectively in the prime domains of higher education and profession. The spin-off effects resulting from the above aspects, lead to increased access and participation of women in all social groups. This will help them in life-long learning and acquire a plethora of benefits. These also constitute the foundations of UNESCO's Global Strategy for Women, in Technical Education and Development mentioned earlier. The Conference aims at their enhanced participation in the decision-making process. The motto of the conference is to project a common vision of social and human development shared by men and women alike as envisaged in the contemporary world.

Objectives:

- To mirror the impact of education on women's equality, with special emphasis on Technical education, Entrepreneurship, Research and Consultancy.
- To shed light on issues based on social justice to accord women their rightful place in decision-making.
- To clearly articulate the profound desire of women to forge the social partnership in the contemporary world for better prospects.

Themes:

- Global Strategies on "Women in Technical Education".
 - Women as Leaders in Technical Education.
 - Bridging Gender gaps in Education.
 - Contribution of women in Swachh Bharat using innovative technologies.
 - Role of Women in Making 'Digital India'
- Any other domain related to the Conference.**

Themes for Panels:

- Women in Technical Education
 - Women Entrepreneurs.
 - Women in Research and Consultancy.
 - Women in Science and Technology
